

DETAILS OF ABSTRACT SUBMISSIONS FOR THE 2026 FLRC WORKSHOP

Christine L. Christensen¹, D. J. Horne¹ and R. Singh¹

¹*Farmed Landscapes Research Centre, Massey University, Palmerston North 4442*

Presentation titles

Titles and abstracts must be submitted by **10th October 2025** for the Organising Committee to consider. Submitters will be advised by mid-December the acceptance (either as an oral or poster presentation) and the placement in the programme.

Abstracts

Abstracts are required for all presentations, AT THE SAME TIME AS TITLES. These should be a broad summary of the material to be presented and are not to exceed 350 words (to fit on one page). Please follow manuscript formatting for your abstract summary, (the same formatting as this document). However please do not include any tables, diagrams or pictures. Abstracts must be submitted on the online portal before **10th October 2025** for consideration of inclusion in the programme.

Oral presentation

Presentation times vary and you will be advised of the time assigned for your submission. Time has been set aside at the end of each session for questions. Presenters will have available to them facilities for PowerPoint presentations. You must send your presentation to james@eventdynamics.co.nz prior to the commencement of the Workshop.

Zoom Webinar recording

All presentations will be recorded on zoom as they are transmitted via zoom webinar. This will include a simultaneous broadcast to an adjacent lecture theatre. This allows for any 'overflow' from the primary lecture theatre and also allows delegates to view live presentations while working on their laptops, or other devices. After the workshop the recorded sessions will be available to be viewed by all registered delegates. By submitting a paper to this workshop, authors give tacit approval that their presentation can be captured and viewed as described. Normal copyright rules apply and access is limited to 'view only'.

Manuscripts

A written manuscript of all presentations, both oral and poster, are invited to be submitted by **12th March 2026** in Word format. The manuscript should encapsulate what was presented at the Workshop and is anticipated to be between 3 and 12 pages. This may be edited to conform with formatting requirements, but manuscripts are not refereed. Alternatively or additionally to your manuscript, your recorded presentation will be available to view on the FLRC website and will be part of the conference proceedings alongside the abstract.

Publication on the website

The 'Proceedings' of the workshop will be published on the FLRC website as individual files that can be downloaded as a PDF. This allows for publication in colour. The correct citation for manuscripts presented at each workshop is available on the index page. Abstracts that were submitted for the programme booklet will also remain on the website as a means of assisting

people to search for keywords prior to accessing the individual manuscripts. All recorded presentations will also be published on the website.

Formatting your Abstract:

Size: A4 page leaving 2.54cm (Normal) margin at the top, bottom, left and right

Font: Times New Roman 12pt

Layout:

- Title 14pt, centred and **BOLD IN CAPITALS**.
- Authors to be **highlighted in lower case**.
- Addresses of authors to be typed in *italics*, lower case font with superscript numbers. Both are to be centred in the middle of the page.
- One email address can be included below the postal addresses if you choose.
- The body of the script is to be 1.15 spacing and justified.
